

Specifications

100-240 VAC Input
Available in 12VDC

*Extended 6' long
DC output Cord*

With LEDingEDGE Proprietary plug end

Description:

The LEDingEDGE Lighting, Inc. ZF Series plug-in driver is built using state of the art electronic components. This UL listed Class 2 LED driver connects power directly to LEDingEDGE Luminaires with the proprietary plug end on a 6' long DC output cord.

Features:

Input:100-240VAC

3 levels Output:

DC12V 4A 48 watts	ZF-48-12
DC12V 3A 36 watts	ZF-36-12
DC12V 2A 24 watts	ZF-24-12

Operating and storage temperature range -20° C to + 80° C

Electrical Characteristics

Voltage	Typical	Units
12vDC	+/- 1.0	Volts
Current		
24 watts	2	Amps
36 watts	3	Amps
48 watts	4	Amps
